**No matter how you slice it—  
the difference is real.**

Insitu's Unmanned Aircraft Systems team combines proven experience and mission readiness to deliver superior situational awareness around the clock—and around the world. With 150,000 hours of combat flight in four years, our ScanEagle® is a proven success. Now our next generation flier—the technologically mature, user-evolved Integrator™ continues our tradition of providing troops with the best UAS resources possible. When lives are on the line, experience matters.

**Field Proven. Field Focused.**
